

Best Plant & Tool Hire Company 2024 - Surrey

Established in 2003 to meet the construction industry's rising need for quality plant and tools, Eveready Hire has since become a significant player within the UK's market. Recognised for its convenience, attentiveness, and commitment to steady growth, the collective manages to continuously impress customers across Leatherhead, Yateley, and Watford alike. Below, we explore how Eveready Hire leverages its portfolio of self-serviced and maintained plant and equipment to present the market with access to reliable, safe, and modern tools to get the job done.

Having spent its years perfecting the art of providing excellent pre-hire and post-hire straight away services to various construction entities across the region, Eveready Hire is an award-winning company that gladly leverages its industry expertise to make the lives of customers that little bit easier. Conducted through its team of friendly and approachable professionals, Eveready Hire's services present the market with comprehensive and affordable access to a range of high quality equipment, fresh out of its selection of four depots — including its exciting, recently opened Chessington depot. In essence, Eveready Hire goes the extra mile to cultivate meaningful relationships with its partners, and it's this nature that has impressed experts across the trade time and time again.

As a company that understands the realm of construction both inside and out, Eveready Hire has applied its wealth of expertise to ensure that both its clients and its team are fully prepared for whatever the industry may throw at them. From strict health and safety requirements to the market's 'time is money' framework, there are a multitude of avenues that must be covered by plant and tool hire collectives, and Eveready Hire has blanketed each one. Delivering on time, briefing clients on the latest guidance and regulations, and even offering break down support, Eveready Hire has distinguished itself as a standout in its field.

With continuous investment in the equipment used, Eveready Hire spends millions every year to provide the best of the best from brands such as JCB, Thwaites, Bomag, Fairport, Manitou, Mecalac, Sany, and more. Regardless of what a client may need in order to enhance their plant and tool hire experience, Eveready Hire is willing to put measures in place to exceed their expectations.

However, industry brilliance isn't where Eveready Hire's capabilities end. In tandem with presenting the UK with invaluable plant and tool hire services, the company has also fostered a myriad of sponsorships between itself and local businesses alike. Most notably, Eveready Hire prides itself on the part it's played in uplifting young football teams. Through its contribution, youngsters are given ample opportunities to play to their hearts' content — a feat the quite clearly brings Eveready Hire an abundance of joy.

Eveready Hire is always finding ways to interact with its surrounding community, whether that's supporting football, rugby, Irish dancing, or athletics clubs, or employing locally. Eveready Hire's commitment to community and supporting its staff, especially with training, had led the company far, and it thanks its staff, suppliers, and customers alike for supporting the journey of Eveready Hire to date. Its passion — married with its capabilities and expertise — has allowed it to elevate its surroundings, and it's due to this impeccable eye for what

the market needs that Eveready Hire is, and will always remain, the Best Plant & Tool Hire Company 2024 — Surrey.
